SECTION A - SUPPLEMENTAL INFORMATION

A-1 TACOM'S ELECTRONIC BULLETIN BOARD
TACOM

(JAN 1996)

We are now posting most of our solicitations on a menu-driven Electronic Bulletin Board (EBB). The number for the modem connection to the EBB is (810) 574-7019. The login command is "bbs." The terminal emulation is set to VT100. Internet connections are also available.

SOLICITATIONS AVAILABLE ON THE EBB: We're posting Requests for Quotation (RFQs), Invitations for Bid (IFBs), and Requests for Proposal (RFPs). RFQs posted include all of the information needed to submit a quotation except the Technical Data Package (TDP) and related attachments. IFBs and RFPs are posted for information only. When possible we are posting top level drawings and drawing lists (TDPLs).

OTHER INFORMATION AVAILABLE includes Broad Agency Announcements, Commerce Business Daily announcements, the Competition Management Shopping List, and the Advanced Procurement Planning List.

NEW ON THE EBB: We've set up a new section on the EBB called Subcontracting Opportunities. Here we'll post informational copies of our sole source solicitations. For these acquisitions we are restricted to buying from one or two selected sources. These sources may offer subcontracting opportunities to other suppliers. Appearance of a solicitation on this section of the EBB doesn't guarantee that subcontracting opportunities will be available.

QUESTIONS: For help about the EBB in general, call the EBB Help Desk at (810) 574-7059. If you have questions about a particular solicitation, call the contract specialist listed in the posting.

SECTION H - SPECIAL CONTRACT REQUIREMENTS

H-1 OPTION FOR INCREASED QUANTITY -- SEPARATELY PRICED LINE ITEM
52.217-4001

(APR 1997)

(a) The Government hereby reserves the right to increase the quantity of the contract item by an additional number of units, up to a total of 25 ea. The unit price for such option quantity shall be as set forth in CLIN 0002. This option may be exercised by the Government at any time, but in any event not later than 30 days after final first article approval. Or if FAT is waived, 120 days after award. In addition, such option may be exercised in increments, subject to the stated total additional quantity limitations, price(s), and the above-stated time for exercise of the option.

(b) Delivery of the items added by the exercise of this option shall continue immediately after, and at the same rate as, delivery of like items called for under this contract, unless the parties hereto otherwise agree.

(c) Additionally, prior to the expiration of the original option period identified in paragraph (a) above, the Government may seek a bilateral extension of the option period for an additional period not to exceed 90 days from the expiration date of the original option period.

I-2	QUALIFICATION REQUIREMENTS	
	52.209-1	(FEB 1995)

(a) Definition: "Qualification requirement," as used in this clause, means a Government requirement for testing or other quality assurance demonstration that must be completed before award.

(b) One or more qualification requirements apply to the supplies or services covered by this contract. For those supplies or services requiring qualification, whether the covered product or service is an end item under this contract or simply a component of an end item, the product, manufacturer, or source must have demonstrated that it meets the standards prescribed for qualification before award of this contract. The product, manufacturer, or source must be qualified at the time of award whether or not the name of the product, manufacturer, or source is actually included on a qualified products list, qualified manufacturers list, or qualified bidders list. Offerors should contact the agency activity designated below to obtain all requirements that they or their products or services, or their subcontractors or their products or services, must satisfy to become qualified and to arrange for an opportunity to demonstrate their abilities to meet the standards specified for qualification.

(Address)-2- -3- -4-_____

(c) If an offeror, manufacturer, source, product or service covered by a qualification requirement has already met the standards specified, the relevant information noted below should be provided.

Offeror's Name_____

Manufacturer's Name_____

Source's Name_____

Item Name_____

Service Identification_____Test Number_____(to the extent known)

(d) Even though a product or service subject to a qualification requirement is not itself an end item under this contract, the product, manufacturer, or source must nevertheless be qualified at the time of award of this contract. This is necessary whether the Contractor or a subcontractor will ultimately provide the product or service in question. If, after award, the Contracting Officer discovers that an applicable qualification requirement was not in fact met at the time of award, the Contracting Officer may either terminate this contract for default or allow performance to continue if adequate consideration is offered and the action is determined to be otherwise in the Government's best interests.

(e) If an offeror, manufacturer, source product or service has met the qualification requirement but is not yet on a qualified products list, qualified manufacturers list, or qualified bidders list, the offeror must submit evidence of qualification prior to award of this contract. Unless determined to be in the Government's interest, award of this contract shall not be delayed to permit an offeror to submit evidence of qualification.

(f) Any change in location or ownership of the plant where a previously qualified product or service was manufactured or performed requires reevaluation of the qualification. Similarly, any change in location or ownership of a previously qualified manufacturer or source requires reevaluation of the qualification. The reevaluation must be accomplished before the date of award.

(END OF CLAUSE)

I-3 FIRST ARTICLE APPROVAL-CONTRACTOR TESTING (ALTERNATE I (JAN 1997))

52.209-3

(JAN 1997)

(a) The Contractor shall test 3 unit(s) of Contract Line Item 0001 as specified in this contract. At least 30 calendar days before the beginning of first article tests, the Contractor shall notify the Contracting Officer, in writing, of the time and location of the testing so that the Government may witness the tests.

(b) The Contractor shall submit the first article test report within 240 calendar days from the date of this contract to:
ACO
marked FIRST ARTICLE TEST REPORT: Contract No. _____; Contract Line Item Number _____. Within 30 calendar days after the Government receives the test report, the Contracting Officer shall notify the Contractor, in writing, of the conditional approval, approval, or disapproval of the first article. The notice of conditional approval or approval shall not relieve the Contractor from complying with all requirements of the specifications and all other terms and conditions of this contract. A notice of conditional approval shall state any further action required of the Contractor. A notice of disapproval shall cite reasons for the disapproval.

(c) If the first article is disapproved, the Contractor, upon Government request, shall repeat any or all first article tests. After each request for additional tests, the Contractor shall make any necessary changes, modifications, or repairs to the first article or select another first article for testing. All costs related to these tests are to be borne by the Contractor, including any and all costs for additional tests following a disapproval. The Contractor shall then conduct the tests and deliver another report to the Government under the terms and conditions and within the time specified by the Government. The Government shall take action on this report within the time specified in paragraph (b) above. The Government reserves the right to require an equitable adjustment of the contract price for any extension of the delivery schedule, or for any additional costs to the

CONTINUATION SHEET	Reference No. of Document Being Continued	Page

Government related to these tests.

(d) If the Contractor fails to deliver any first article report on time, or the Contracting Officer disapproves any first article, the Contractor shall be deemed to have failed to make delivery within the meaning of the DEFAULT clause of this contract.

(e) Unless otherwise provided in the contract, and if the approved first article is not consumed or destroyed in testing, the Contractor may deliver the approved first article as part of the contract quantity if it meets all contract requirements for acceptance.

(f) If the Government does not act within the time specified in paragraph (b) or (c) above, the Contracting Officer shall, upon timely written request from the Contractor, equitably adjust under the CHANGES clause of this contract the delivery or performance dates and/or the contract price, and any other contractual term affected by the delay.

(g) Before first article approval, the acquisition of materials or components for, or the commencement of production of, the balance of the contract quantity is at the sole risk of the Contractor. Before first article approval, the costs thereof shall not be allocable to this contract for (1) progress payments, or (2) termination settlements if the contract is terminated for the convenience of the Government.

(h) The Government may waive the requirement for first article approval test where supplies identical or similar to those called for in the schedule have been previously furnished by the offeror/contractor and have been accepted by the Government. The offeror/contractor may request a waiver.

(i) The Contractor shall produce both the first article and the production quantity at the same facility.
(End of clause)

I-4 SMALL BUSINESS PROGRAM REPRESENTATIONS
52.219-1

(JAN 1997)

(a) (1) The standard industrial classification (SIC) code for this acquisition is (3649) .

(2) The small business size standard is (-2-)

(3) The small business size standard for a concern which submits an offer in its own name, other than on a construction or service contract, but which proposes to furnish a product which it did not itself manufacture, is 500 employees.

(b) Representations. (1) The offeror represents as part of its offer that it _____ is, _____ is not a small business concern.

(2) (Complete only if offeror represented itself as a small business concern in block (b)(1) of this section.)
The offeror represents as part of its offer that it _____ is, _____ is not a small disadvantaged business concern.

(3) (Complete only if offeror represented itself as a small business concern in block (b)(1) of this section.)
The offeror represents as part of its offer that it _____ is, _____ is not a women-owned small business concern.

(c) Definitions. "Joint venture," for purposes of a small disadvantaged business (SDB) set-aside or price evaluation preference (as prescribed at 13 CFR 124.321), is a concern that is owned and controlled by one or more socially and economically disadvantaged individuals entering into a joint venture agreement with one or more business concerns and is considered to be affiliated for size purposes with such other concern(s). The combined annual receipts or employees of the concerns entering into the joint venture must meet the applicable size standard corresponding to the SIC code designated for the contract. The majority of the venture's earnings must accrue directly to the socially and economically disadvantaged individuals in the SDB concern(s) in the joint venture. The percentage of the ownership involvement in a joint venture by disadvantaged individuals must be at least 51

CONTINUATION SHEET	Reference No. of Document Being Continued	Page
Name of Offeror or Contractor	DAAE07-97-Q-T334	

percent.

"Small business concern," as used in this provision, means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the criteria in 13 CFR Part 121 and the size standard in paragraph (a) of this provision.

"Small disadvantaged business concern," as used in this provision, means a small business concern that (1) is at least 51 percent unconditionally owned by one or more individuals who are both socially and economically disadvantaged, or a publicly owned business having at least 51 percent of its stock unconditionally owned by one or more socially and economically disadvantaged individuals, and (2) has its management and daily business controlled by one or more such individuals. This term also means a small business concern that is a least 51 percent unconditionally owned by an economically disadvantaged Indian tribe or Native Hawaiian Organization, or a publicly owned business having at least 51 percent of its stock unconditionally owned by one or more of these entities, which has its management and daily business controlled by members of an economically disadvantaged Indian tribe or Native Hawaiian Organization, and which meets the requirements of 13 CFR Part 124.

"Woman-owned small business concern," as used in this provision, means a small business concern--

(1) Which is at least 51 percent owned by one or more women or, in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more women; and

(500) Whose management and daily business operations are controlled by one or more women.

(d) Notice. (1) If this solicitation is for supplies and has been set aside, in whole or in part, for small business concerns, then the clause in this solicitation providing notice of the set-aside contains restrictions on the source of the end items to be furnished.

(2) Under 15 U.S.C. 645(d), any person who misrepresents a firm's status as a small or small disadvantaged business concern in order to obtain a contract to be awarded under the preference programs established pursuant to sections 8(a), 8(d), 9, or 15 of the Small Business Act or any other provision of Federal law that specifically references section 8(d) for a definition of program eligibility, shall--

- (i) Be punished by imposition of fine, imprisonment, or both;
- (ii) Be subject to administrative remedies, including suspension and debarment; and
- (iii) Be ineligible for participation in programs conducted under the authority of the Act.

(End of provision)

I-5 SIC CODE AND SMALL BUSINESS SIZE STANDARD
52.219-22 (JAN 1991)

(a) The standard industrial classification (SIC) code of this acquisition is 3649.

(b)(1) The small business size standard is 500.

(2) The small business size standard for a concern which submits an offer in its own name, other than on a construction or service contract, but which proposes to furnish a product which it did not itself manufacture, is 500 employees.

(a) Definitions.

Corporate status, as used in this solicitation provision, means a designation as to whether the offeror is a corporate entity, an unincorporated entity (e.g., sole proprietorship or partnership), or a corporation providing medical and health care services.

Common parent, as used in this solicitation provision, means an offeror that is a member of an affiliated group of corporations that files its Federal income tax returns on a consolidated basis.

Taxpayer Identification Number (TIN), as used in this solicitation provision, means the number required by the IRS to be used by the contractor in reporting income tax and other returns.

(b) All Offerors are required to submit the information required in paragraphs (c) through (e) of this solicitation provision in order to comply with reporting requirements of 26 U.S.C. 6041, 6041A and 6050M and implementing regulations issued by the Internal Revenue Service (IRS). If the resulting contract is subject to reporting requirements described in FAR 4.903, the failure or refusal by the Offeror to furnish the information may result in a 31 percent reduction of payments otherwise due under the contract.

(c) Taxpayer Identification Number (TIN).

- () TIN: _____
- () TIN has been applied for.
- () TIN is not required because
 - () Offeror is a nonresident alien, foreign corporation or foreign partnership that does not have income effectively connected with the conduct of a trade or business in the U.S. and does not have an office or place of business or a fiscal paying agent in the U.S.;

(DEC 1996)

(a) Contractor Identification Number, as used in this provision, means "Data Universal Numbering System (DUNS) number," which is a nine-digit number assigned by Dun and Bradstreet Information Services.

(b) Contractor identification is essential for complying with statutory contract reporting requirements. Therefore, the offeror is requested to enter, in the block with its name and address on the Standard Form 33 or similar document, the annotation "DUNS" followed by the DUNS number which identifies the offeror's name and address exactly as stated in the offer.

(c) If the offeror does not have a DUNS number, it should contact Dun and Bradstreet directly to obtain one. A DUNS number will be provided immediately by telephone at no charge to the offeror. For information on obtaining a DUNS number, the offeror should call Dun and Bradstreet at 1-800-333-0505. The offeror should be prepared to provide the following information:

- (1) Company name.
- (2) Company address.
- (3) Company telephone number.
- (4) Line of business.
- (5) Chief executive officer/key manager.
- (6) Date the company was started.
- (7) Number of people employed by the company.
- (8) Company affiliation.

(d) Offerors located outside the United States may obtain the location and phone number of the local Dun and Bradstreet Information Services office from the Internet Home Page at the following [http: www.dbisna.com/dbis/customer/custlist.htm](http://www.dbisna.com/dbis/customer/custlist.htm). I-8 ECONOMIC PURCHASE QUANTITY -- SUPPLIES
52.207-4

(AUG 1987)

(a) Offerors are invited to state an opinion on whether the quantity(ies) of supplies on which bids, proposals, or quotations are requested in this solicitation is (are) economically advantageous to the Government.

(b) Each offeror who believes that acquisitions in different quantities would be more advantageous is invited to recommend an economic purchase quantity. If different quantities are recommended, a total and a unit price must be quoted for applicable items. An economic purchase quantity is that quantity at which a significant price break occurs. If there are significant price

Name of Offeror or Contractor		

(a) Definition.

Small disadvantaged business concern, as used in this provision, means a small business concern, owned and controlled by individuals who are both socially and economically disadvantaged, as defined by the Small Business Administration at 13 CFR Part 124, the majority of earnings of which directly accrue to such individuals. This term also means a small business concern owned and controlled by an economically disadvantaged Indian tribe or Native Hawaiian organization which meets the requirements of 13 CFR 124.112 or 13 CFR 124.113, respectively. In general, 13 CFR Part 124 describes a small disadvantaged business concern as a small business concern--

(1) Which is at least 51 percent unconditionally owned by one or more socially and economically disadvantaged individuals; or

(2) In the case of any publicly owned business, at least 51 percent of the voting stock is unconditionally owned by one or more socially and economically disadvantaged individuals; and

(3) Whose management and daily business operations are controlled by one or more such individuals.

(b) Representations. Check the category in which your ownership falls--

() Subcontinent Asian (Asian-Indian) American (U.S. citizen with origins from India, Pakistan, Bangladesh, Sri Lanka, Bhutan, or Nepal)

() Asian-Pacific American (U.S. citizen with origins from Japan, China, the Philippines, Vietnam, Korea, Samoa, Guam, U.S. Trust Territory of the Pacific Islands, (Republic of Palau), the Northern Mariana Islands, Laos, Kampuchea (Cambodia), Taiwan, Burma, Thailand, Malaysia, Indonesia, Singapore, Brunei, Republic of the Marshall Islands, or the Federated States of Micronesia)

() Black American (U.S. citizen)

() Hispanic American (U.S. citizen with origins from South America, Central America, Mexico, Cuba, the Dominican Republic, Puerto Rico, Spain, or Portugal)

() Native American (American Indians, Eskimos, Aleuts, or Native Hawaiians, including Indian tribes or Native Hawaiian organizations)

() Individual/concern, other than one of the preceding, currently certified for participation in the Minority Small Business and Capital Ownership Development Program under Section 8(a) of the Small Business Act

() Other

(c) Certifications. Complete the following--

(1) The offeror is ()
is not () a small disadvantaged business concern.

(2) The Small Business Administration (SBA) has ()
has not ()

made a determination concerning the offeror's status as a small disadvantaged business concern. If the SBA has made a determination, the date of the determination was

and the offeror--

() Was found by SBA to be socially and economically disadvantaged and no circumstances have changed to vary that determination.

() Was found by SBA not to be socially and economically disadvantaged but circumstances which caused the determination have changed.

(d) Penalties and Remedies. Anyone who misrepresents the status of a concern as a small disadvantaged business for the purpose of securing a contract or subcontract shall--

- (1) Be punished by imposition of a fine, imprisonment, or both;
 - (2) Be subject to administrative remedies, including suspension and debarment; and
 - (3) Be ineligible for participation in programs conducted under the authority of the Small Business Act.

I-21 BUY AMERICAN ACT-BALANCE OF PAYMENTS PROGRAM CERTIFICATE
252.225-7000 (NOV 1990)

(a) The offeror hereby certifies that each end product, except the end products listed below, is a domestic end product (as defined in the clause entitled BUY AMERICAN ACT AND BALANCE OF PAYMENTS PROGRAM) and that components of unknown origin have been considered to have been mined, produced, or manufactured outside the United States or a qualifying country.

Foreign End Products

<u>Line Item No.</u>	<u>Country of Origin</u>

(List all qualifying country end products and all nonqualifying country end products)

(b) Offers will be evaluated by giving preferences to domestic end products and foreign qualifying country end products over foreign nonqualifying country end products. In order to obtain such preference in the evaluation of each foreign end product listed in (a), it is necessary that offerors identify and certify, those foreign end products identified in paragraph (a) that are qualifying country end products or they will be deemed nonqualifying country end products. Offerors must certify by stating the applicable line item numbers below.

The offeror certifies that the following supplies are qualifying country end products as defined in the clause entitled Buy American Act and Balance of Payments Program.

I-23 NOTICES REGARDING FIRST ARTICLE TEST REQUIREMENT
52.209-4000 ALT I

(AUG 1984)

a) The approved First Article items, as described elsewhere in this order, consist of: (i) a quantity of 2 that WILL be consumed or destroyed in testing; (These items that will be consumed or destroyed in testing shall not be delivered as part of the contractually required quantity as set forth in the schedule of supplies. The cost of the supplies so consumed or destroyed are included in the overall offer or contract price.), and (ii) a quantity of 1 that will be subjected to all specified first article testing, less the destructive tests. The item(s) in this latter group that successfully pass all specified examinations/tests, less the destructive tests, shall serve as a manufacturing standard for the remainder of the contract. Items that serve as a manufacturing standard may be delivered as part of the contractual quantity with the last shipment made under this contract.

I-24 CONTRACT PRICE REDUCTION FOR WAIVER OF REQUIRED FIRST ARTICLE APPROVAL
52.209-4005

(APR 1987)

(a) All offerors are required to insert an amount for 0001AB which includes the full price for First Article testing.

(b) In addition, those offerors intending to request a waiver of the First Article Approval requirement, as described elsewhere in this order, shall insert the total price for First Article Testing under Item 0001AB (see the supplies schedule of this solicitation). If the successful offeror requests and is granted a waiver, the dollar amount entered for item 0001AB will be deducted from the total amount cited for 0001AA. The remaining dollar amount will constitute the price at which award will be made.

(c) See the provision entitled EVALUATION FACTORS FOR FIRST ARTICLE TEST REQUIREMENT for information on the procedures to be used by the Government in evaluating competing offers when not every offeror requests a waiver of First Article Testing.

I-25 EVALUATION FACTORS FOR FIRST ARTICLE TEST REQUIREMENT
52.209-4006

(APR 1987)

a. If the offeror submits a request for waiver of First Article Testing but fails to comply with the requirements of the provision entitled PROVISION FOR WAIVER, the requested waiver may not be granted. If the waiver is not granted, more favorable alternative offers of price or delivery, conditioned upon the granting of a waiver, will not be considered in the evaluation process

b. DELIVERY EVALUATION FACTORS

(1) As specified elsewhere in this solicitation, the Government reserves the right to waive the requirement entitled FIRST ARTICLE APPROVAL, and will require an accelerated delivery schedule if the successful offeror is granted such a waiver. However, in no case will a delivery schedule predicated upon waiver of the First Article Test requirement be considered as an evaluation factor for award, even if such a schedule would be more advantageous to the Government.

(2) If an offeror requests waiver of First Article Testing but takes exception to the accelerated delivery schedule set forth elsewhere herein, such offeror shall not be considered eligible for the requested waiver. In consequence, any award to that offeror shall be based upon the delivery schedule indicated in the clause entitled REQUIRED DELIVERY SCHEDULE, including all First Article Requirements.

c. PRICE EVALUATION FACTORS. As specified elsewhere in this solicitation, the Government reserves the right to waive the requirement entitled FIRST ARTICLE APPROVAL, and requests the price of the proposed First Article Test (at the schedule of supplies, Item 0001AB) from offerors who elect to seek such a waiver. In the event that the offeror requests and receives a waiver of First Article Test requirements, the price for such testing, as identified by the offeror in the supplies schedule, Item 0001AB, shall be deducted from the total price otherwise cited for the materiel herein solicited. The offer will then be

CONTINUATION SHEET	Reference No. of Document Being Continued	Page
Name of Offeror or Contractor	DAAE07-97-Q-T334	

evaluated for award at the resulting alternate price.

- (1) If the offeror requests a waiver of First Article Test requirements, but fails to separately identify the cost of First Article Testing in the schedule of supplies, Item 0001AB of this solicitation, the Government reserves the right to evaluate the offer based upon the price for 0001AA, and to require that offeror perform on the contract at such price whether or not the First Article Requirement is waived, at no additional cost to the Government.
- (2) If the offeror requests but is not granted a waiver of First Article Testing, evaluation for award will be based upon the full amount entered for 0001AA: the amount entered for item 0001AB will not be deducted by the Government.

I-26 CONFIGURATION CONTROL--ENGINEERING CHANGES, DEVIATIONS, AND WAIVERS
52.211-4015

(SEP 1995)

(a) DEFINITIONS:

(1) Engineering change proposal (ECP). An ECP is a suggestion that we (the Government) permanently change some requirement of the technical data package (TDP). ECPs can be issued before or during contract performance.

NOTE: MIL-STD-973 allows us ninety days to process routine ECPs. If you (the contractor) need a response in less than ninety days to meet contract requirements, you should consider submitting a waiver or deviation along with your ECP.

(2) Deviation. A deviation request (RFD) is a one-time request to deviate from TDP requirements. You must submit your deviation request before you deviate from the TDP requirements. You can request a deviation for a specific number of parts or the entire contract quantity.

(3) Waiver. A waiver request (RFW) is a one-time request that we accept one or more items from a production run that don't conform to TDP requirements. Waivers are submitted after the nonconformance has occurred. They are usually for a specific number of units.

(b) When will TACOM start processing change requests? TACOM won't start processing any ECP or RFD/RFW until we receive the ACO's comments (see paragraph (d)) and the required number of copies of the ECP or RFD/RFW documentation.

(c) Contractor Responsibility. Whenever you submit an ECP or RFD/RFW, you must follow the instructions in MIL-STD-973 (as tailored in the following paragraphs).

(1) Engineering Change Proposals--Required Content. ECPs must:

a. follow the short form procedure in MIL-STD-973.

- (A) paragraphs 5.4.8 - 5.4.8.2.1;
- (B) paragraphs 5.4.8.2.4 - 5.4.8.2.7; and
- (C) Appendix D instructions.

b. include:

- (A) requirements for notices of revision (NOR).
(Instructions for NORS are in MIL-STD-973, paragraph 5.4.7 and Appendix G.)
- (B) copies of drawings that you've clearly

[sp19] marked to identify the proposed change.

- (C) any other documentation that will help us review your proposed change.

c. have the weapon system code in block 8 of DD Form

Name of Offeror or Contractor		

DAAE07-97-Q-T334

1692. (The Weapon System Code is a two-digit code. You can find it in block 6 of the Contract/Award cover sheet.)

(2) Engineering Change Proposals -- Submittal Procedures.

- a. Send original and 8 legible copies of the ECP to
USATACOM, ATTN: AMSTA-TR-E, MS:-1-, Warren, MI 48397-5000.
- b. Send one legible copy of the ECP to your ACO.
- c. WARNING - If you don't submit complete, legible, packages per paragraphs a and b above, we may return your ECPs without processing them.

(3) Requests for Deviations/Waivers -- Required Content. You must:

- a. Prepare RFD/Ws per MIL-STD-973.
(A) paragraphs 5.4.8.3 - 5.4.8.3.4;
(B) Appendix E instructions.
- b. Include marked drawings and any other documentation that we'll need to review the proposed RFD/W.
- c. Place the weapon system code in block 7c of DD Form 1694. (You can find the Weapon System Code in block 6 of the Contract/Award cover sheet.
- d. Identify the number of parts affected in block 17 of DD Form 1694.

(4) Requests for Deviations/Waivers -- Submittal Requirements. You must submit the original and six complete legible copies of the RFD/W to your ACO.

(d) ACO Responsibility. Within ten working days from the day you receive the contractor's request, the ACO must prepare DD Form 1998 "Comments on Deviation, Waiver, or Engineering Change Request" and forward it as follows:

- a. ECPs. Send original and two complete, legible copies of the DD Form 1998 with a copy of the contractor's request to USATACOM, AMSTA-TR-E, MS:-2-Warren, MI 48397-5000.
- b. RFDs and RFWs. Send the original and five complete, legible copies of both the DD Form 1998 and the contractor's request to USATACOM, ATTN: AMSTA-TR-E, MS:-3-, Warren, MI 48397-5000.

(e) Approval of ECPs, RFDs, and RFWs.

- a. ECPs should be used to make permanent changes in the Government Technical Data Package (TDP). Contractual relief should be requested using a Request for Deviation or Waiver. This is because the Government requires more time to analyze any

CONTINUATION SHEET	Reference No. of Document Being Continued	Page
Name of Offeror or Contractor	DAAE07-97-Q-T334	

proposal to permanently change the specification or TDP. Cost saving improvements to the TDP should be submitted as a VECP, if a VE clause is contained in the contract.

b. ECPs. TACOM will review and make a decision within the ninety day timeframe established by MIL-STD-973. We'll notify you of our decision per paragraphs 5.4.8.2.6 and 5.4.8.2.7 of MIL-STD-973.

c. RFDs/RFWs. Per MIL-STD-973, we'll review and make a decision about RFDs and RFWs within thirty days from the date we receive them from the ACO.

(f) Processing Emergency and Urgent ECPs.

Ordinarily, ECPs submitted by the contractor will be deemed routine. If you submit an ECP that you consider to be an emergency or urgent (as defined in MIL-STD-973), you must immediately notify the PCO. TACOM will review the criticality of the ECP, and, if we determine that it is urgent or critical, we'll follow the appropriate processing time-frames in paragraph 5.4.2.3.1.1 of MIL-STD-973 or notify you otherwise.

(g) Reminder - Only the PCO can change the Contract. NO OTHER GOVERNMENT REPRESENTATIVE is authorized to make a commitment for, or bind the Government.

(h) Questions.

a. Questions about preparation and submittal of change request. Call -4-

b. Questions about the status of change requests you've already submitted. Call the buyer. You can find the buyer's name and number in block 7 of the solicitation cover sheet (SF 33).

I-27 REPORT OF UNIQUE MANUFACTURER'S PART NUMBER DESIGNATION
52.204-4001

(FEB 1995)

When the Government quality assurance inspector conducts acceptance testing on the supplies furnished under this contract, he shall determine whether there is any reference number or part number stamped on or permanently affixed to the items. If there is such a number, and if it does not match the NSN or the military part number set forth in Section B herein, a report shall be furnished to: Commander, US Army Tank-Automotive Command, Attn: DRSTA-FC, Warren, MI 48090 in all cases where the materiel passes inspection and is accepted by the Government. The report shall have the following format:

On (date) , supplies furnished under contract DAAE07-_____ for NSN _____ were inspected and accepted from (name and address of company) . These supplies are stamped or permanently labeled with part number _____, which is used: (Check one)

() as a part number for the company's commercial sales; or

I-28 DELEGATION OF AUTHORITY FOR FIRST ARTICLE APPROVAL
52.209-4004

(DEC 1996)

The Administrative Contracting Officer (ACO) is delegated the authority to approve or disapprove the First Article Test Report submitted in accordance with the clause in this order entitled FIRST ARTICLE APPROVAL -- CONTRACTOR TESTING (FAR 52.209-3). A copy of the test report and the ACO's letter of approval or disapproval shall be furnished through the Procuring Contracting Officer (PCO) to: Commander, US Army Tank-Automotive Command, Attn: AMSTA-TR-E, Warren, MI 48397-5000.

I-29 PROVISION FOR WAIVER OF REQUIRED FIRST ARTICLE APPROVAL
52.209-4007

(DEC 1996)

(a) The requirement entitled FIRST ARTICLE APPROVAL as provided in this solicitation may be waived by the Government, provided that offeror meets these following conditions:

(1) Offeror must submit a request for waiver as an integral part of his response to this solicitation. The request for waiver should be accompanied by documentation in support of the request, such as a copy of an ACO's letter approving a First Article Test Report on a recent contract for the item, or a copy of a First Article Test Report for the same or a similar item as that herein solicited, which item has been tested and approved under the same or substantially similar specifications as those herein referenced. If a copy of a First Article Test Report is submitted in support of a request for waiver under this solicitation, the Test Report must have been approved and signed by an authorized representative of the Government.

(2) Offeror must indicate in the spaces below the contract numbers under which the same or similar items as those herein solicited have been provided to and accepted by the Government.

I-31 ACQUISITION OF MAUFACTURER'S PART NUMBER: COMPONENTS
52.211-4010

(FEB 1995)

One or more of the drawings for part of the contract item set forth in the Schedule and in the Technical Data Package specify manufacturer's part numbers. Since complete Government technical data for such part or parts are not available, it is understood that the Contractor, by accepting this contract, agrees to furnish only the listed manufacturer's part number(s) for those components of the contract item, except as provided in the provision entitled NOTICE REGARDING "SOURCE-CONTROLLED" COMPONENTS located elsewhere herein. It is further understood and agreed that references to manufacturer's part numbers herein shall be deemed to include all changes or revisions thereto which the approved manufacturer has made effective as of the first date of delivery of any of the items under this contract; provided, that no change or revision that affects the interchangeability (ability to be interchanged with previous parts and to match with all mating parts when assembled) of the listed manufacturer's part shall be incorporated into the contract item without the prior written approval of the Procuring Contracting Officer.

I-32 BAR CODE MARKING
52.211-4013

(FEB 1997)

Shipments of items delivered and the application of bar-code labels shall be by NGS AIM BC-1 and MIL-STD-129M.

The following requirements under Section 4.5, Bar Code markings, paragraphs 4.5.1.1, 4.5.1.2, and 4.5.1.7 are as follows:

4.5.1.1 The bar coded NSN/NATO stock number will consist of the basic 13 data characters. Prefixes, suffixes to the stock number, spaces, dashes and part number will not be bar coded.

4.5.1.2 For all contracts, each exterior shipping container will be bar coded with the following:

- (1) NSN/ NATO stock number
- (2) Contract or order number (including call number)
- (3) CAGE code of the company awarded
- (4) Contract Line Item Number (CLIN), when used the NSN will be bar coded as in 4.5.1.1.

4.5.1.7 On other than wood containers, bar code marking will be applied by labeling or by direct printing on the container.

I-34 NOTICE TO OFFERORS INTENDING TO OFFER OTHER THAN NEW MATERIAL (NEGOTIATED)
52.211-4047

(AUG 1994)

a. It is the intent of the Government to acquire only new material (i.e. supplies and components which are new (not used, reconditioned or surplus) and not of such age or so deteriorated as to impair their usefulness or safety) under this solicitation. If an offeror intends to provide used or reconditioned material, residual inventory, or former United States Government surplus property, the offer must:

(1) Provide a separate attachment describing the offered material, as required in FAR provision 52.210-6, LISTING OF USED OR RECONDITIONED MATERIAL, RESIDUAL INVENTORY AND FORMER GOVERNMENT SURPLUS PROPERTY.

(2) Indicate which category the material offered falls into, either:

A. New, Unused United States Government Surplus Property. This is defined as material produced under a United States Government contract and sold through the Defense Property Disposal Service (DPDS) as new surplus property.

B. Used or Reconditioned Material. Used material is defined as material that has been used and has not been reconditioned. Reconditioned material is defective material which has been corrected and brought up to specifications prior to its being offered to the Government.

C. Residual Inventory. This is defined as inventory from a terminated Government contract. An offeror who intends to furnish residual inventory must provide the Government contract number of the terminated contract and name of original contractor.

(3) If new, unused, United States Government surplus property is offered, provide copies of the original sale documentation relating to the purchase of the material, showing;

- A. Year material was purchased.
- B. Depot sale number, and
- C. Condition of material at time of sale.

(4) Include a statement that the offeror has examined the item(s) and determined that they meet the latest revision to the TDPL, as listed in Section B of this solicitation.

b. In addition, the offeror may be required to meet specific marking, inspection and testing requirements beyond those contained in this solicitation. Such additional requirements, if applicable, will be negotiated with the offeror before award and included in any resulting contract.

52.211-4051

(NOV 1982)

a. Offeror's attention is directed to the provision entitled ACQUISITION OF MANUFACTURER'S PART NUMBER: COMPONENTS in this solicitation. At least one component of the item to be purchased under this acquisition is restricted to specified manufacturer's part numbers as set forth in the Technical Data Package. It shall be the responsibility of each offeror to ensure the availability of sufficient quantities of such source-controlled components before tendering an offer in response to this solicitation. Except as described in paragraph b. below, offers that propose to substitute alternatives to the source-controlled components, even if the substitute items are represented as equivalent in all respects to the source-controlled components, will not be considered for contract award.

b.(1) If the following conditions are met, a firm may submit an offer conditioned on acceptance by the Government of alternatives to the source-controlled component(s) listed in the Technical Data Package:

- (a) Prior to receipt of this solicitation, the firm must have received written TACOM approval of a test procedure on its proposed equivalent component.
- (b) The firm must indicate in its offer the date of the written TACOM approval, and the name and title of the approving official.
- (c) The firm must certify in its offer that it is in the process of having its item independently tested per the approved test procedure to demonstrate full physical, functional, and mechanical interchangeability of its part with an already-approved part cited in this solicitation, or that it is awaiting final TACOM engineering approval of the summary report furnished at the conclusion of testing; and
- (d) The firm must have secured final written approval of its part from TACOM engineering by the time of bid opening, (in the case of formally advertised acquisitions), or by the time of contract award, (in the case of negotiated acquisitions).

(2) Notwithstanding the foregoing, the Government expressly reserves to the Procuring Contracting Officer the right to waive the above conditions in making an award when it is clearly established, in his sole discretion, that written approval of a nonlisted part from TACOM engineering can be obtained without delay in the anticipated date of award.

When either of the foregoing conditions (paragraphs b(1) or b(2) above) are met, the Government reserves the right to make an award where use of the equivalent item is authorized in lieu of the source-controlled item. Where the foregoing conditions are not met, offeror will not be eligible for award unless he agrees to furnish the source-controlled item(s) from the indicated source(s).

c. Any firm that manufactures or regularly sells an item which it views as equivalent in all respects to one of our required components, but that has not initiated approved qualification testing in order to demonstrate that its part is totally equivalent to the required component, is referred to the notice entitled PART NUMBERS NOT CURRENTLY APPROVED, which is located elsewhere herein.

(2) Directly requires the use of CIODS means that the Government's specification or technical data package, at any tier, explicitly requires the use of any Class I Ozone-Depleting Substance (CIODS) R in performance of the contract.

(3) Indirectly requires the use of CIODS means that the Government's specification or technical data package, while not explicitly requiring the use of any CIODS, does require a feature that you can meet or produce only by the use of CIODS.

(b) Per Section 326 of Public Law 102-484, the Department of Defense cannot award any contract that directly or indirectly requires the use of CIODS unless (i) the use of such substances is essential for contract performance, and (ii) no suitable substitute for the CIODS currently is available.

(c) Before releasing this solicitation, we conducted a best effort review of its technical requirements, standards, and specifications, to see if any contain requirements for CIODS. If we identified any such CIODS requirements, they are identified in subparagraph (d)(1) below.

(1) In addition, to help TACOM meet its obligations under Public Law 102-484, we ask you for input. If you have any special knowledge about any CIODS requirements that our specifications impose, whether directly or indirectly, or if you know about potential substitutes for any CIODS required by our specifications, we would appreciate the information.

(2) It should be understood that you are not obligated to give us the information requested by this provision, and that we cannot provide any separate or special payment for doing so. However, we are asking only for information based on knowledge that is readily available to you as a supplier in this industry. We do not expect you to do any review of our specifications more extensive than the one you perform in order to develop your price.

(d) Please summarize your own review of our specification/technical data package, by completing the following:

(1) During our review of the specification or technical data package in this solicitation, we--

- () have
- () have not

found any direct requirements to use any CIODS. (If have is checked above, offerors are asked to identify, on the following lines, (i) any specifications and standards not already listed immediately below that directly require the use of CIODS; (ii) the CIODS required by the listed specifications and standards; and (iii) whether any substitutes are known to be available for the listed CIODS.)

_____	_____	_____
_____	_____	_____
_____	_____	_____

- (2) Further, in our review of the specification or technical data package in this solicitation, we--
- () have
- () have not

found any indirect requirements to use any CIODS. (Offerors who check have above are asked to identify, on the following lines, (i) the specifications and standards for this acquisition that indirectly require the use of CIODS; (ii) the CIODS indirectly required by each listed specification and standard; and (iii) whether any substitutes are known to be available for the listed CIODS.)

Spec/Standard	Required CIODS	Substitute Available?
_____	_____	_____
_____	_____	_____
_____	_____	_____

(e) Offerors who check have in paragraphs (d)(1) or (2) above also are requested to say whether substitutes are known to be available for any of the CIODS. If an available substitute would perform less well than the CIODS would perform, please let us know what the technical trade-offs are to the extent that you have such information available.

(f) If you checked have in paragraphs (d)(1) or (2) above, and also indicated that substitutes for CIODS are available, we need to know whether use of the suggested substitute would have any effect on your proposed price. If your proposal price for compliance with our current specifications differs from what your price would be if the substitute for CIODS were required, we ask that you let us know what the difference would be in Section B of this solicitation, by giving us two prices or offers:

- One price/offer, labeled with CIODS, will be the offered price in the event that CIODS are used.
- The second price/offer, labeled without CIODS, will be the price offered if substitutes for CIODS are used, and will specify the substitute(s) being proposed for use.

(g) Section 326 of Public Law 102-484 reflects the national and international interest in minimizing the use of CIODS. For this reason, TACOM reserves the right to (i) determine the suitability of substitutes for CIODS when such potential substitutes are available; and (ii) change the specification in any contract awarded as a result of this solicitation, to require the use of suitable substitutes in lieu of CIODS.

I-43 SUBSTITUTING COMMERCIAL TEST RESULTS FOR REQUIRED CONTRACT TESTS
TACOM

(JAN 1995)

CONTINUATION SHEET	Reference No. of Document Being Continued	Page
Name of Offeror or Contractor	DAAE07-97-Q-T334	

1. GENERAL. At your request, we may delete all or some of the Government or contractor conducted tests required by this contract, under the following conditions:

- a. You (or your supplier) have previously supplied the identical item to us and we've accepted it, or:
- b. You have commercial test reports, performance data, analytical data, or vendor reports demonstrating that the item meets the contract requirements.

2. HOW TO SUBMIT A TEST DELETION REQUEST.

a. BEFORE CONTRACT AWARD - Submit your request along with your bid or proposal. Make sure that your bid or proposal includes an alternate price (that reflects how your bid or proposal price would change if we approved your request). If we approve your request to delete test requirements or substitute commercial testing procedures, we will evaluate your offer at the alternate price submitted with your request. If you don't submit an alternate price with your request, we'll evaluate your offer at the price indicated in Section B of the solicitation. No adjustments will be made to the price after contract award.

b. AFTER CONTRACT AWARD - Send your requests to (insert office symbol and address) at least 45 days before you're scheduled to make delivery of the affected end item.

c. ALL REQUESTS MUST -

- (1) identify the test(s) you want deleted;
- (2) state the basis for your request;
- (3) include a list of configuration changes made;
- (4) demonstrate that you meet the conditions in paragraph 1a or 1b above;
- (5) if request is prior to award, include an alternate price per paragraph 2a above;
- (6) include proposed amount of equitable adjustment (if change is requested after award)

3. SUPPORTING DATA. If we agree to delete a test or tests, you must keep the data you used to support your request for four years from the day we approved your request. You must provide us with this data if we ask for it.

4. CONTRACT ADJUSTMENT. If we agree to delete a test or tests after contract award, we may negotiate an equitable adjustment in the contract priced, under the "Changes" clause of this contract.

(END OF CLAUSE)

I-44 SUPPLEMENTAL STATEMENT OF WORK: FASTENER QUALITY ASSURANCE REQUIREMENTS
TACOM

(SEP 1992)

a. This clause establishes quality assurance requirements for all threaded steel fasteners of Grade 5 and higher (as defined by SAE-J429) and metric fasteners with strength designations of 8.8 and higher that are to be used in items procured from either a Government or contractor owned Technical Data Package. It applies to fasteners received (i) from fastener manufacturers, (ii) from distributors or (iii) as part of a subassembly for use in both new and repair items.

b. The contractor shall implement and maintain a fastener quality assurance program which:

(i) Assures the homogeneity of fastener lots. A homogeneous fastener lot is defined as one in which all of the fasteners are of the same size, type, grade, plating and manufacturer.

(ii) Ensures that individual fasteners are identified by a fastener manufacturer symbol (logo). The manufacturer's symbol (logo) shall be listed in MIL-HDBK-57, dated 29 Sep 89.

(iii) Provides objective quality evidence that the fasteners to be furnished under this contract meet all technical

CONTINUATION SHEET	Reference No. of Document Being Continued	Page
Name of Offeror or Contractor	DAAE07-97-Q-T334	

requirements.

c. To determine the conformance of the fastener lots with the homogeneity and identification requirements, a sample from each lot of fasteners will be taken in accordance with MIL-STD-105 dated 10 May 89, Inspection Level II, AQL 1.0, or equivalent, except that lots shall be accepted with zero (0) defects (C=0) and rejected with one (1) or more defects. Each sample shall be examined for the following:

- (i) The grade and manufacturer symbol (logo) for each bolt in the lot sample shall be the same.
- (ii) Threads shall be examined to assure conformity to requirements.
- (iii) Plating (when specified) shall be examined to assure complete coverage.

d. Objective quality evidence that fasteners meet all technical requirements shall consist of either:

(i) Favorable chemical, core hardness, plating and tensile test data provided by the manufacturer or supplier of a fastener lot which is directly traceable to that lot. Chemical tests shall include, as a minimum, percent by weight of the following elements: carbon, manganese, phosphorus and sulfur;

or

(ii) Favorable results of chemical and core hardness tests performed by the contractor or a subcontractor on sample(s) taken from the lot. Sampling for chemical, plating and core hardness testing shall be in accordance with MIL-STD-105, Level S-2, AQL 1.0 or equivalent. Chemical tests shall include, as a minimum, percent by weight of the following elements: carbon, manganese, phosphorus and sulfur.

e. For item(s) procured using a Government Technical Data Package, Grade 8.1 or 8.2 fasteners are not an acceptable substitute for Grade 8 fasteners.

f. Commercial items, defined as an end item or component of an end item whose sales volume to the general public is greater than 50% of the items produced, will be deemed to meet the requirements of this clause if the contractor has a current vendor control policy with regard to fasteners.

Note: During maintenance or repair, the Government will use Grade 8, zinc plated bolts from Government stocks as replacements for any Grade 5 or Grade 8.2 bolt used in commercial items.

(End of clause)

I-45 ADDITIONAL ITEM IDENTIFICATION REQUIREMENT
TACOM

(APR 1984)

(a) In addition to the other requirements of MIL-STD-130, incorporated in this contract by reference, the Contractor shall mark each item of supply to be furnished hereunder with the Contractor's Federal Supply Code of Manufacturers (FSCM). The method of marking shall be one of the methods authorized in MIL-STD-130.

(b) The FSCM to be marked on each item shall in all cases be the FSCM of the company (or, as applicable, division, plant, affiliate, or dealer) that is furnishing the supplies to the Government under this contract.

I-46 SUPPLEMENTAL STATEMENT OF WORK: TAILORING OF MIL-L-61002 TO ELIMINATE USE OF CIODS
TACOM

(JUL 1996)

CONTINUATION SHEET	Reference No. of Document Being Continued	Page
Name of Offeror or Contractor		

DAAE07-97-Q-T334

The following change applies to MIL-L-61002, Amendment 1, dated 10 Jan 92, which is part of the technical data package (TDP) or specification for this contract. Paragraph 4.6.3.2 requires immersion testing in methyl chloroform, a Class I Ozone-Depleting Substance, or CIODS. Therefore, in order to eliminate the use of CIODS, MIL-L-61002 is changed as follows:

When meeting the requirements of MIL-L-61002, Amendment 1, delete the immersion testing requirements of paragraph 4.6.3.2.

(END OF CLAUSE)

I-47 SUPPLEMENTAL STATEMENT OF WORK: TAILORING OF MIL-STD-129 TO ELIMINATE USE OF CIODS

TACOM

(JUL 1996)

The following change applies to MIL-STD-129M, dated 15 Jun 93, which is part of the technical data package (TDP) or specification for this contract. The following references to Class I Ozone-Depleting Substances, or CIODS, are part of MIL-STD-129M:

- a. Paragraphs 3.27 and 3.28 reference MIL-P-116;
- b. Paragraphs 5.1.1.2 and 5.1.1.3 reference MIL-C-46168 and MIL-C-53039;
- c. Numerous paragraphs require labels per MIL-L-61002.

Therefore, in order to eliminate the use of CIODS, MIL-STD-129M is changed as follows:

- a. For paragraphs 3.27 and 3.28, comply with MIL-P-116J, Amendment 2, dated 18 Aug 93.
- b. For paragraphs 5.1.1.2 and 5.1.1.3, comply with both MIL-C-46168D, Amendment 3, dated 21 May 93 and MIL-C-53039A, Amendment 2, dated 19 May 93.
- c. For paragraph 4.6.3.2 of MIL-L-61002, Amendment 1, dated 10 Jan 92, delete the immersion testing requirements for all references to MIL-L-61002.

(END OF CLAUSE)
